In the case, that due to unforeseen circumstances, you can't enter this course, you will be able to join another course in the future without having to pay the course fee again. The minimum number of students is 8, the maximum number of students is 20. The course price is depending on the number of students, see the table below, the price difference between the course prices will be refunded as soon as the course starts, and we know the final number of students.
